Requirements

**Master of Professional Accounting**

The Master of Professional Accounting program provides rigorous preparation at the graduate level for students to achieve success in their chosen professional accounting career path in public practice, industry, or government. The core includes coursework related to accounting professionalism, analytic skillsets, and advanced financial accounting. Students may concentrate in one of three areas: Analytics & Assurance, Taxation, or Corporate Accounting. All concentrations provide opportunity for professional internship credit and lead to qualification for the Certified Public Accounting exam.

**Admission Requirements:** The program is open to students who have earned a bachelor’s degree from an accredited institution and who can present evidence of their ability to do graduate work. In addition, they are expected to have already mastered basic accounting concepts or, demonstrated, with an official GMAT test score, the ability to master accounting concepts taught in the program. International applicants must submit an acceptable TOEFL or IELTS score or complete the Intensive English Language Program (Spring International Language Center) and receive an English proficiency recommendation for admission. Other admissions criteria can be considered on a case by case basis. Students entering the program are expected to have completed undergraduate business and accounting coursework. Prior courses must either have been successfully completed within the five years prior to entry to the program, or the student must provide other evidence of current knowledge in these areas. Otherwise, applicants may be required to repeat or complete selected courses, in addition to their degree coursework. Students from all academic backgrounds are encouraged to apply.

**Requirements for the Master of Professional Accounting Degree:** Students whose previous studies have fulfilled requirements of the common body of knowledge in business and accounting will be required to complete a minimum of 30 hours of graduate work. The required common body of knowledge in accounting includes introductory taxation, intermediate financial accounting, audit, and accounting information systems. The degree program does not require a thesis or comprehensive exam. Successful completion of a Masters of Professional Accounting from the University of Arkansas will qualify a student to take relevant professional examinations.

**Core Courses**
- ACCT 5123 Corporate Governance and Professionalism
- ACCT 5413 Advanced Financial Accounting
- ACCT 5523 Advanced Accounting Information Systems

**Areas of Concentration**
- ACCT 535V Professional Accounting Internship or General Graduate Business Elective

**Total Hours**
- 30

To ensure that students acquire the skills necessary for career success, the program strongly encourages all students to obtain additional training directly related to the MPACC program prior to graduation. Students are strongly encouraged, but not required, to complete an accounting internship for academic credit, ACCT 535V. The program considers this training an integral part of the curriculum that allows for the practical application of the theoretical principles taught in accounting courses. If students do not participate in an internship...
Program Costs
Existing resources on campus will be used. Existing faculty in Accounting, Finance, Supply Chain Management, and Information Systems will teach the courses. Except for the new proposed courses, the other courses are already offered on a regular basis.

Marketing and recruiting costs for the program will be supported by the College.

Library Resources
N/A

Instructional Facilities
N/A

Faculty Resources
For the new Tax courses, the department has plans to re-organize faculty teaching to be able to fully staff these.

### Program Goals and Objectives

The Master of Professional Accounting (MPACC) provides rigorous preparation at the graduate level for students to achieve success in their chosen professional accounting career path in public practice, industry, or government.

### Learning Outcomes

Students will obtain more specialized skills including analytics, soft skills in leadership and professionalism, and the ability to address complex tax issues, technology environments and regulatory reporting requirements. All concentrations provide the opportunity for professional internship credit and lead to qualification for the Certified Public Accounting exam.

Reviewer Comments

- **Pat Koski (pkoski) (08/27/19 4:45 pm):** Rollback: I'm not seeing any requirement for a comprehensive exam, which is a Graduate School requirement.
- **Pat Koski (pkoski) (08/29/19 2:41 pm):** Rollback: For your edits. Thank you!
- **Alice Griffin (agriffin) (09/06/19 3:49 pm):** Rollback: Please submit individual CIM blocks for each concentration and adjust the program requirements to reflect only the general requirements with the 18 hours dedicated to concentrations. See email message from 9/6/2019.
- **Alice Griffin (agriffin) (09/23/19 1:55 pm):** Uploaded revised copies of the LOI, Proposal, and
Supporting docs. Also inserted scheduled program review date consistent with AACSB visit.

**Alice Griffin (agriffin) (09/25/19 10:15 am):** Inserted ACCT 535V Professional Accounting Internship or General Graduate Business Electives into Course list so that students will be able to see the total 30 hours required for program, with permission from submitter.

**Lisa Kulczak (lkulcza) (10/01/19 4:22 pm):** ACCT 5123 is currently in the approval process with a requested date of spring 2020. A further conversation is needed regarding the program code assigned to this new degree program.
